

# Academic Standing

A student's academic achievement is reviewed at the end of each semester by the Office of the Registrar.

## **Good Academic Standing**

A student is considered to be in good academic standing when they have no more than one outstanding course remediation, have satisfactorily completed all required course work to date, have successfully completed all required Board Exams on schedule, and have achieved the minimum GPA required for their program (term and cumulative, if applicable). All students must have satisfactorily completed all required academic course work, including the required core clerkships, and be certified by the Dean before they can sit for any national board examinations.
