

The Frank Ritchel Ames Memorial Library

The Frank Ritchel Ames Memorial Library fosters information literacy by providing students with access and the skills necessary to use the most current and impactful medical information for the health of their future patients. Students, faculty, residents, and staff—in Colorado, Utah, or elsewhere—share access to the same digital collection, which contains books, journals, and databases necessary to learn and practice healthcare. Both physical library locations provide access to print copies of required and recommended textbooks, as available. Library users can enjoy a warm and collegial space staffed by highly-trained information professionals who play a significant role in the development of future healthcare providers learning to practice medicine with compassion, integrity, and excellence.
